

Cancellation Policy

Starting October 1, 2004, you may be charged a fee of \$50 for cancelled or missed appointments. This fee will be charged for each appointment(s) that is/are not cancelled with at least a 24 hour notice, or appointments that are missed without a phone call or prior notice. Furthermore, if you miss two or more appointments without notice, you may be discharged from this clinic.

We understand certain unforeseen circumstances come up, but we appreciate the courtesy of a phone call to allow for scheduling of other patients to be seen, that may be waiting for an appointment.

By signing below you acknowledge the understanding of this policy.

Thank you!
